RE: No Smell Asphalt

Mr. Lansford,

Our Annual average is \$3,000,000.00 of Re-roofing projects at El Paso ISD, Socorro ISD and Ysleta ISD. Prior to your no smell asphalt, we had many complains. We purchase two Fume Recovery Machine at \$25,000.00 each and several thousands of dollars on Filters with no results, we still received complains.

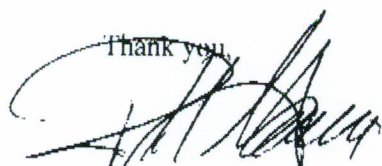

Can you imagine having the television media reporting about the complains of the teachers and students regarding the smell of asphalt. (Bad Publicity)

Since we started using your No Smell Asphalt two years ago all complains have stopped. Thanks for solving my biggest headache and embarrassment.

Being in the Roofing Business 26 years, this is a great solution to all complains of the asphalt smell.

If you have any questions please don't hesitate to contact our office.

Thank you

Robert Garcia  
Vice President
